1. How have you and/or will you support the mission and purposes of the RainbowPAC as outlined above? Please be specific.

Throughout my life I have been an ardent supporter of LGBTQ community. As the Supervising attorney in the Domestic Violence unit, I managed several cases that involved hate crimes charged against members of the LGBTQ community.

As the next Sacramento County District Attorney I plan to pursue hate crimes and violence against members of the LGBTQ community and LGBTQ businesses to the fullest extent of the law.

2. Are you a current member of the Sacramento Rainbow Chamber of Commerce? If yes, since when? And, are you or any of your staff or key volunteers openly LGBT?

No I am not a current member. My campaign manager Mark Press is openly LGBT. One of my consultants, Patrick Harbison, is also openly LGBT.

3. Describe how you would support/oppose the use of programs to ensure equal opportunities, policies, laws, and/or ordinances that protect LGBT individuals in the workplace.

I support all of these programs. If elected as Sacramento County District Attorney I will promote and advance mandatory diversity training that includes LGBT issues, which is currently only implemented in a limited manner.

4. What are the most pressing issues facing our region, and how do you propose we resolve them?

Homelessness is the biggest issue facing our region, an issue which disproportionately effects LGBT youth. As District Attorney of Sacramento County. I plan to bridge the gap between the city and the county to address these issues. Unlike my predecessor, when the state offers money for programs that would allow us to provide diversion programs under Proposition 47 I will take it and use it to help solve our homelessness crisis.

5. What is your vision to attract major business/Fortune 500 companies into our region?

Small business and large business alike are going to be more attracted to Sacramento if we can solve our homelessness problem and reduce crime in Sacramento County. As District Attorney this my focus will be to develop an environment that attracts major businesses and Sacramento County.

6. Share your vision to make our region a better place for small businesses.

Making Sacramento County safe again is going to make our region a better place for small businesses. We need a District Attorney that will focus on reducing crime in Sacramento County, not playing politics in Sacramento's state house.

7. Describe your position on Community Benefit Resolutions, Living Wage Ordinances, and Project Labor Agreements.

As District Attorney of Sacramento County I have limited influence and desire to influence these types of policies. My job will be to reduce crime in Sacramento County.

8. What is your position on requiring employers to provide health care insurance to workers and families?

Employers should strive to provide health care insurance to workers and their families.

9. Describe your vision for improving economic conditions and job security of people within the office you are seeking.

The job of Sacramento County District Attorney is to be the chief law enforcement officer of Sacramento County. By reducing crime and punishing criminals we can improve the economic conditions and job security for all of our constituents.

10. Identify three (3) key endorsements that you have received for your candidacy.

Stonewall Democratic Club of Sacramento County
Sacramento City School Board Trustee Jay Hansen
Patrick Harbison
