**Applicant Statements****Why do you want to serve on the RCC Board?**

I would like to serve on the RCC Board to lend my years of experience in private sector and the water utility industry to hopefully increase the RCC members ability to secure work with the water and other utilities throughout the state.

**What would you like to see the Rainbow Chamber accomplish in the upcoming year?**

I would like the RCC increase the number of water and other utility contracts awarded to its members. I can help facilitate this increase based on my working with the California Water Association (which is the trade organization that includes all water utilities in CA in particular the seven largest). I'm also a member of the Joint Utilities of CA which includes all of the regulated utilities throughout CA as well.
